

BOAT STRANDED IN DENSE FOG WITH MEDICS

G. W. Hill With Doctors and
Guests on Board Goes
Aground on Isle la
Plume

EXCURSIONISTS WALK ASHORE AFTER FINDING CITY NEAR BY

Rather Harrowing Experience
Turns Out in Happy Style
After Hour's Layup

With a heavy fog falling upon the river like a blanket and making impossible further progress, the good ship Hill, bearing members of the State Medical association, local physicians and guests, to the number of 600, was forced to drop anchor at the lower end of Isle la Plume shortly after ten o'clock last night to await the lifting of the mist. The fog made landing difficult, and in coming toward shore the boat was grounded after hitting a wing dam, the bow running up onto the sand for some distance. Hope of bringing the Hill to the city before morning was abandoned.

Uncertainty as to the exact whereabouts of the boat kept the excursionists on board for the better part of an hour, but some of the more adventurous spirits disembarked on a reconnaissance expedition, and shortly afterwards were brought back that the Mark street bridge to the main land was but a short distance away. Thereupon began the exodus from the big boat, everyone preferring the weary trudge through ankle-deep sand and over the varied rubbish of a city dumping ground to remaining with the boat until the lifting of the fog would make possible resumption of the journey. The Hill was brought up to the levee at 8:30 this morning.

Autos Come to Rescue

Word of the plight of the pleasure-seekers soon reached Riverside park where automobiles were waiting the arrival of the steamer, and hardly had the vanguard of the excursionists reached the Mark street bridge before the cars began arriving in great numbers, and several scores of automobiles were kept busy conveying pedestrians to their homes or hotels. This work of the Samaritans was kept up all the last of the excursionists had been provided with transportation.

Barring the rather unfortunate ending, the excursion, which had been planned by local physicians as an entertainment for the visiting medical men and other guests, had proved one of the most enjoyable of the season. Leaving the levee at 5 o'clock, the party was taken some ten miles above the city, and then the boat proceeded down river to some distance south of the city. Many and frequent were the comments upon the beauty of the scene by visitors for many of whom the occasion was their first ride upon the Mississippi. A picnic supper was served, the menu including fried chicken, potato salad, sandwiches, pickles, cake and coffee.

Beginning at half-past seven o'clock an entertaining program of vaudeville stunts was given. There were vocal selections by Emil Niemeyer, Myron Locke, Miss Stella Trane, Mrs. Joseph E. Baril, Sylvester Muldowney, James Kelly and Hugh Marshall, a lament upon the death of John Barleycorn by Dr. T. H. McGovern and a four-some fistic encounter between two diminutive butlers, the program being rounded with the singing of "On Wisconsin," by all. This was shortly followed by the singing of "On Wisconsin," and the suggestion was passed about that the singing of "On Wisconsin" might avail in helping fast the boat.

Across the River First

A short time earlier, when the fog first began to clear in thickly, the steamer was anchored on the Minnesota shore waiting for the dense mist to moderate, and when the Capitol passed on its way to the city, the steamer Hill attempted to follow. The Capitol, however, soon passed out of sight of the slower Hill, and it was then that the attempt to reach the city was abandoned. The low stage of water also had made difficult the turning of the boat in the upper river, and it was only after the third attempt that the steamer's nose was again turned down stream.

ALLIS ELIMINATED IN SEMI-FINALS

BOLIVIA, N. Y., Sept. 10.—Chick Evans of Chicago today defeated E. P. Allis of Milwaukee, in the semi-finals of the National Amateur Golf tournament, 10 and 8. Two up after the morning round, Evans went out in 35, one under par, losing no holes.

SECOND QUAKE FELT IN CALIFORNIA TODAY

RIVERSIDE, Cal., Sept. 10.—An earthquake shock was felt here this morning about 0:15. It was of sufficient violence to awaken sleepers and many persons fled into the open until the tremors subsided. No damage was reported.

PROHIBITION CANDIDATE FOR PRESIDENT TO SPEAK IN LA CROSSE WEDNESDAY

Dr. A. S. Watkins of Ohio, prohibition candidate for president, will open the presidential campaign in La Crosse with a speech in Riverside park next Wednesday night at 8:15.

Word that the prohibition candidate for the executive office is coming to La Crosse was received this morning by Chief of Police J. B. Weber when a letter came asking permission to use Riverside park for this purpose next Wednesday night. Chief Weber turned the episode over to the park department, and arrangements will be made for the gathering in Riverside park at the appointed time.

According to present indications Dr. Watkins will be the only presidential candidate to visit La Crosse in this campaign.

He will come to this city from Eau Claire, arriving here in the afternoon, according to Oliver Needham, prohibition county chairman.

UNDESIRABLE ALIENS DEPORTED FROM U. S. GET TASTE OF REAL BOLSHEVIK LIFE UPON THEIR ARRIVAL IN RUSSIA

WASHINGTON, Sept. 10.—The state department learned today from sources it regards as official that the Russian bolshevik sympathizers and undesirable deported to Russia some months ago by the United States were at once put to work by the soviet authorities.

They were unwilling to perform the tasks assigned to them by the bolshevik officials and

were informed that there was in existence in Russia machinery, operated by the extraordinary commission, for dealing with such cases, an institution that deals primarily with ineffectual rebellion and other movements dangerous to bolshevism.

Most of the deportees thereupon were set to work repairing the railroad beds, but some escaped under assumed names while others are under arrest and in the hands of the extraordinary commission for punishment.

According to intelligence received by the government, most of the atrocities in Russia have been committed by or at the instigation of the extraordinary commission, which is characterized by officials here as a high handed and secret tribunal.

Until today's advices were received there was doubt as to the exact fate of the deportees, who sailed from America in seemingly high spirits and many of whom expected to be received by the bolshevik authorities as martyrs and heroes. Among the deportees were Emma Goldman and Alexander Berkman.

CUR DOG SAVES MEMPHIS WOMAN FROM DROWNING

MEMPHIS, Tenn., Sept. 10.—A young married woman, 19 years old, is in a hospital here today, painfully, if not severely injured, owes her life to a brown cur dog which, after she had been attacked by an unidentified white man and knocked into a pool of water in a semi-conscious state, went to her assistance and held her head above the surface until help arrived.

FUME PROCLAIMED SEPARATE STATE BY CAPTAIN D'ANNUNZIO

FATE OF FUME TO BE DISCUSSED BY PREMIERS

D'Annunzio Troops Take Oath
of Loyalty to New Republic

LONDON, Sept. 10.—Captain Gabriele D'Annunzio, who yesterday proclaimed the "Italian republic of Quarnero," has summoned a constituent assembly to meet in six weeks, says a Milan dispatch. The D'Annunzio troops have taken the oath of fealty to the new republic, it is said. D'Annunzio declared he had received private news from Paris which forced him to declare Fiume to be independent yesterday, and that he could not wait until September 12 as he had intended.

Premiers Discuss Matter
PARIS, Sept. 10.—BY THE ASSOCIATED PRESS.—The French foreign office was informed this evening by The Associated Press of Gabriele D'Annunzio's remark that he had heard private news from Paris which caused him to proclaim the independence of Fiume today, instead of September 12. Opinion was advanced by the foreign office that D'Annunzio was under the impression the fate of Fiume would be settled at the meeting of M. Millerand and Signor Giolitti respectively the French and Italian premiers, at Aix les Bains Sunday September 12.

"Will the France question be discussed by M. Millerand and Signor Giolitti?" was asked of a foreign office official.

"Most assuredly," was the reply.

BRITISH LABOR PAPER ADMITS THE RECEIPT OF BOLSHEVIK GOLD

LONDON, Sept. 10.—Admission was made today by the Herald, organ of labor, that it has in its possession 75,000 pounds sterling of bolshevik gold, the newspaper stating a decision is being held pending a decision as to whether it should be used. The opinion of readers as to the acceptance of the money is asked by the newspaper, which publishes the admission on its first page under glaring headlines. Charges that the Russian soviet government was subsidizing newspapers in other countries for the purpose of carrying on propaganda, were published here, and the Herald was named as one of the journals which had received money from the bolsheviks.

The newspaper refers to the soviet funds as "a magnificent demonstration of real working-class solidarity and of what Russians mean by internationalism."

CLINIC CONDUCTED AT COURT HOUSE IS WELL ATTENDED

More than Fifty People Awaiting
Examination by Eight-
thirty This Morning

NOTED SPECIALIST MEMBER OF EXAMINING BOARD TODAY

Hearty Co-operation Received on
all Sides by Directors

That the chest clinic, which is being conducted at the court house today and Saturday will be well attended during the two day session, was evidenced by the fact that by 8:30 this morning, more than fifty people were present and waiting their turn for the examination. Mr. Werle, director of the clinic, representing the anti-tuberculosis association and Miss Corse, both of Milwaukee, have had charge of the work in arranging for the clinic.

As the applicants for the examination come in, they are given a number, denoting their place in line, and they are then sent to the nurses, who have been under the instruction of Mr. Werle and Miss Corse, where their histories are taken. Following a preliminary examination, they are sent to the examining doctors, where the examination is conducted and recorded. In cases where the disease is found, the patient is permitted to fill out an application for admission to the Oak Forest Sanatorium.

Dr. Dunham, leading American X-ray chest specialist, who is in the city attending the doctors' convention, is a member of the examining board of doctors today. Dr. Dunham was at the head of the largest chest hospital operated by the government during the war.

Mr. Werle gave expression to gratifying results obtained in arranging for the clinic here and through hearty co-operation of Miss Kimball, city supervising nurse, and her assistants, is confident of the success of the work here.

MAYOR MACSWINEY PASSES BAD NIGHT IS REPORT TODAY

LONDON, Sept. 10.—Terence MacSwiney, lord mayor of Cork, passed a bad night in Brixton prison, where he is continuing his hunger strike, says a bulletin this morning by the Irish Self-Determination league. He is suffering great pain in his arms, legs and back and complains of a feeling of dizziness and numbness, but is still conscious.

COTTON PRICES JUMP

NEW YORK, Sept. 10.—There was a sensational advance in the price of cotton for the October delivery in the market here today. Notwithstanding recent declines in the south, very little cotton has been arriving here.

UPHAM RECOMMENDED RAISING THE LID ON CAMPAIGN DONATIONS

Tells Committee He Was Responsible
for Proposal to Ask
Contributions of \$10,000

TREASURER DENIES KNOWLEDGE OF QUOTA LIST FOR CITIES

Committee Spent More than
Million Before Conventions

CHICAGO, Sept. 10.—Fred W. Upham today told the senate committee investigating campaign funds that he took full responsibility for the proposal to raise the limit of republican campaign contributions to \$10,000 from \$1,000.

"I hoped the lid would be raised and I did recommend \$10,000 as a limit," said Mr. Upham. "I presented this proposition at a meeting in New York attended by Will Hays, Charles H. Davis, Alvin T. Hart of Kentucky, William Dougherty of Ohio, and Colonel William Boyce Thompson of New York."

"They voted me down by a big majority and I told Mr. Blair to telegraph his men in Chicago not to send out Form 101."

"Two days later," continued Mr. Upham, "Colonel Thompson went to Washington and saw Senator Harding, and the candidate gave out a statement to The Associated Press that he had instructed the republican national committee not to accept contributions of more than \$1,000 each, promising that if any change was made in the plan, the public would be notified before it was put into effect."

Mr. Upham said he did not write Form 101 and that it contained some expressions and ideas which he would not have approved. "But Form 101 was and is dead," he added. "Furthermore, the substitute form 102 was not presented at the luncheon at the Union League club in Chicago and I was there throughout that conference."

Never Saw City Quota List

"I never saw a quota list for cities or any other quota list except that for states prepared in my office," said Mr. Upham.

Mr. Upham presented figures on pre-convention receipts and expenditures, his previous testimony being limited to the period after the national convention. Today's testimony showed expenditures of more than \$1,000,000 for publicity, headquarters and other national committee expenditures between December 1, 1918, and July 12 of this year.

Mr. Upham testified that part of the pre-convention expense was for men sent out to preach republican doctrines at Chautauquas. He said the republican national committee had a Chautauqua bureau under a "Dr. Ellis" and that salaries and expenses of the speakers were paid out of the national treasury.

Summarizing all this "budget and quota business" into what he called a "plain business statement," Mr. Upham said that the state quota list of about \$4,800,000 made up in his office include both the pre-convention and actual presidential campaign periods. He then pointed out that more than \$1,100,000 of this total had been raised and spent before the present budget of \$3,070,000 was made up.

Raised Over Million Since June

He said that since the Chicago convention he had raised about a million and a quarter dollars, of which about two-thirds was applicable to the national committee, the balance being returned to states which had a joint fund campaign with the national committee.

He estimated that with the state and national committee funds and the loans of \$400,000 to the congressional and \$200,000 to the senatorial committees of the party, there would pass through his hands a total of \$4,879,000.

"That is the limit of my job," Mr. Upham said. "If the states raise more than the quotas I have assigned them I will not accept it."

Reviewing the results of the campaign Mr. Upham said: "Hitherto the east has always paid the bills for both parties, but up to date two-thirds of our funds have come from what New York considers 'the west.' That fact is a pretty good argument that we are really getting away from what is called 'Wall Street influence.'"

Mr. Upham agreed "absolutely" with Senator Pomeroy that the quotas sent from his office were "by no means the limit of the receipts and expenditures which may be made throughout the state political machinery in New York and other states."

Moore Recalled

Senator Kenyon called Mr. Moore to the stand and questioned him about democratic fund plans and particular help that may have been received from liquor interests.

Mr. Moore said the democrats had not formed a campaign plan and had only \$14,000 in the national treasury two weeks ago, Wilbur W. Marsh, national treasurer and James Gerard, former ambassador to Germany and now chairman of the democratic finance committee, could give full details, he said.

WILSON WON'T REOPEN MINE WAGE AWARD

Denies Request of Anthracite
Workers to Call Scale Com-
mittee to Consider New
Agreement

MINERS' VACATIONS SOON TO END CLAIM UNION OFFICIALS

Declare Some of Men are Al-
ready Returning to
Work

WASHINGTON, Sept. 10.—President Wilson, in a telegram today to representatives of the anthracite mine workers, in Pennsylvania, refused to grant their request to reconvene the joint scale committee of operators and miners for the purpose of considering a new wage award.

The president declared that when a body of men collectively refrained from working by mutual understanding, however arrived at, it was a strike no matter what name was given it. A majority of the anthracite miners had refrained from work under the guise of taking a vacation, the president said, and he told the committee that he appreciated the earnestness of its efforts to get the men to return to work and commended its stand in support of contract obligations, but in spite of this declared his unwillingness to reopen the wage question.

The telegram was sent to Philip Murray, John Collins, Thomas Kennedy and C. J. Molden, at Scranton, Pa., and said in part: "You ask me to convene the joint scale committee of anthracite operators and miners for the purpose of adjusting certain inequalities which you assert exist in the award of the anthracite coal committee. In that connection your attention is called to a telegram which I sent to Joseph Williams and others in reply to a telegram I received from them stating that the anthracite miners would refrain from working unless I set aside the award of the anthracite coal commission on or before September 1."

Will Accept Challenge

The president quoted from his message in which he declared that if the communication was intended as a threat the miners could rest assured the challenge would be accepted.

"When a body of men collectively refrain from working by mutual understanding, however arrived at," the president's message said, "it is a strike no matter what name may be given to it. Our people have fought a great war and made untold sacrifices to secure among other things that a solemn agreement shall not be considered as a mere scrap of paper. We have declined to enter into friendly relations with governments that boast of their readiness to violate treaties whenever it suits their own convenience, and under these circumstances we could not look the world in the face and justify our actions to our own people and our own conscience if we yielded one iota to the men in the anthracite coal fields who are violating the contract so recently entered into between themselves, the coal operators and the government of the United States."

"I regret that I cannot grant your request to reconvene the joint scale committee of the operators and miners."

"Sincerely yours,"

"WOODROW WILSON"

Vacation Soon to End

WILKESBARRE, Pa., Sept. 10.—Leaders of the insurgent mine strikers and officials of the United Mine Workers of America today said the "vacation" in districts one, seven, and nine, will not last more than a few days.

There are only about 15,000 miners idle in District 1, including 8,000 Pennsylvania Coal company strikers who have been out since July 19.

In Districts 7 and 9 some men are returning to work, it was said.

Start Picketing

HAZLETON, Pa., Sept. 10.—Miners in the Hazleton district have started picketing at the collieries where efforts were made to continue operation. All but one of the mines were shut down today.

PRESS MEN RETURN TO WORK IN BOSTON

BOSTON, Mass., Sept. 10.—Union press feeders who for a week have been taking a "vacation" returned to work at book and job printing establishments today. The pressmen voted to go back when assured by the Boston Typothetae board of trade that their wage demands would soon be adjusted.

STUDENTS STRIKE

ST. LOUIS, Mo., Sept. 10.—Eighty pupils in the printing class of Central High school went on "strike" today because a non-union man was appointed instructor, a position formerly held by a union printer. The board of education recently ruled that no one connected with organized labor would be employed in the public schools.

THURSDAY RETURNS GIVE BLAINE GOOD LEAD OVER WILCOX

Boscobel Man Wins Nomination
for Governor by Plurality of
Over Seven Thousand

LENROOT LEAD TODAY STANDS AT TWENTY-THREE THOUSAND

Majority Expected to be In-
creased on Final Returns

MILWAUKEE, Wis., Sept. 10.—The nomination of John J. Blaine as republican candidate for governor was made certain by returns received late Thursday afternoon which gave him a lead of 7,418 over Senator Roy P. Wilcox.

Blaine's sensational run in Dane county, where his plurality was nearly 7,000 votes, assured him the nomination.

Up to early Friday morning all but 380 of the 2,379 precincts in the state had been accounted for, showing 100,465 for Blaine and 93,047 for Wilcox. Remaining counties which have not completed their tallies are known to be La Follette strongholds, precluding the possibility that Wilcox might catch up to the Nonpartisan league man.

The race was exceedingly close up to Thursday night, when sixty-eight out of sixty-nine precincts in Dane county reported their count.

Blaine Wins With Ease

Dane county gave Blaine 10,343 votes, against 3,706 for Wilcox. Seaman polled more votes than Wilcox in this section.

According to all indications the total vote in the G. O. P. primary will amount to 375,000. Colonel Gilbert B. Seaman, who ran third in the race, received 55,651 in returns announced thus far.

Wilcox showed the greatest strength in Milwaukee county, where he received a plurality of more than 7,000 over Blaine and in the First congressional district, which embraces Kenosha, Racine, Walworth, Rock and Waukesha counties. Elsewhere in the state Blaine was easily the victor.

Seaman pulled up a big vote in several districts. He led the field in Racine and Douglas counties.

Wilcox captured Eau Claire county, his home, by a bare margin of 220 votes.

Lenroot Wins

Senator Irvine L. Lenroot's lead over James Thompson was 23,791 on the basis of returns received from all but 403 precincts up to a late hour Thursday night.

The totals in the senatorial contest are:

Lenroot—148,703.
Thompson—124,312.
McHenry—40,237.

The 1,976 precincts heard from represent all but seven counties in the state.

The remaining counties and more complete reports from those that have reported will probably increase Lenroot's lead over Thompson.

Candidates endorsed by the Nonpartisan league made successful runs for two other state offices, Elmer S. Hall won by a big margin over Coburn and Harrington for secretary of state, and George Commins was victorious over Everett and Pullen for the lieutenant governorship.

William J. Morgan scored a decisive victory over Adolph Kanaborg, La Follette candidate, for attorney general.

State Treasurer Henry Johnson was again nominated. Sol Levitan, his nearest opponent, received a big vote, but Johnson is apparently nominated by a 6,000 or 7,000 plurality.

AMERICAN CRUISER AGROUND IN BALTIC IS REPORTED SAFE

WASHINGTON, Sept. 10.—The armored cruiser Pittsburgh, aground in the Baltic sea three miles off the coastland port of Libau, is in no "immediate danger" although several sections of her double bottom are flooded with water, the navy department was advised today in a dispatch from Vice-Admiral Huse, on board the Pittsburgh.

NEW YORK GOVERNOR DISCUSSES TRANSIT STRIKE WITH COMBERS

NEW YORK, Sept. 10.—Governor Smith will confer tomorrow or Monday with Samuel Compers, president of the American Federation of Labor, and James Mahony, of Boston, general counsel of the strikers, in an effort to find a solution to the Brooklyn Rapid Transit strike. It was announced today.

CUB PLAYERS ARE CALLED TO APPEAR IN BASEBALL PROBE

CHICAGO, Ill., Sept. 10.—All members of the Chicago club of the National league, together with the club officials, have been subpoenaed to appear before the grand jury next week as witnesses in the investigation of alleged baseball gambling. It was learned today.

EARTH TREMOR SUBSIDING IN ITALY TODAY

Seismic Disturbance Wearing
Itself Out Declares Direc-
tor of Observatory
at Florence

NUMBER OF QUAKE VICTIMS ESTIMATED TODAY AT 2,000

Second Shock Reported to Have
Been More Severe than
the First

FLORENCE, Italy, Sept. 10.—Minor earthquake shocks which have been felt since the disastrous tremor of Tuesday, in the devastated zone north of here indicate the disturbance is subsiding, according to Father Alfani, director of the observatory here. He said today that small shocks succeeding one another show the seismic phenomena are wearing themselves out, while if a long pause succeeds a severe earthquake, another strong shock occurs.

As belated reports of Tuesday's disaster came in the list of dead and injured mounts. In one town alone, Fivizzano, nearly 500 persons lost their lives. Some estimates put the total dead at nearly 2,000.

Crater Opened by Quake

ROME, Sept. 10.—A volcanic crater has suddenly opened at the top of Pizzo d'Uccello, a mountain 5,345 feet high nine miles northeast of Spezia. It is located on the northwest corner of the district shaken by Tuesday's earthquake, which resulted in the loss of hundreds of lives in the region north of Florence. A telegram from Spezia says the crater is emitting smoke and sulphuric fumes, and scientists there attribute the volcanic outbreak to the earthquake.

The shock which devastated scores of little towns and villages north of Florence seems to have followed the line of the mountains. This is common to earthquakes in Italy. Reports from northern Italy have given no further details of the situation, nor have they told of the damage done by the tremor which shook the Emilia district, between the Apennines and the river Po, yesterday morning. First reports stated the shock was more severe than that which destroyed Fivizzano and other towns north of Florence.

Caused by Earth Sinking?

BERLIN, Sept. 10.—The seismographic station at Jena suggests as the possible cause of the Italian earthquake a sinking of the earth along the mountains bordering the Gulf of Genoa.

WOMEN'S PARTY MAY DISBAND

NEW YORK, Sept. 10.—Active leaders of the national woman's party from many states are to meet this afternoon at Port Washington, N. Y., in preliminary discussion as to whether the party shall be disbanded at once.

Miss Alice Paul, chairman of the party's executive committee, will report to the meeting the status of suffrage litigation and recommend certain measures to protect the "suffrage victory." Mrs. Lawrence S. Lewis of Philadelphia, treasurer, will report on the party's deficit incident to the suffrage campaign in Tennessee.

LEAGUE, LABOR AND LIQUOR REAL ISSUES SAYS DRY CANDIDATE

Watkins Declares Public Has no Real Interest in Size of Campaign Funds

HAMLIN, Sept. 10.—The country at large will not care thirty cents to find out the figures of any campaign fund, said Aaron S. Watkins, prohibition candidate for president, in a speech at the Minnesota State fair today.

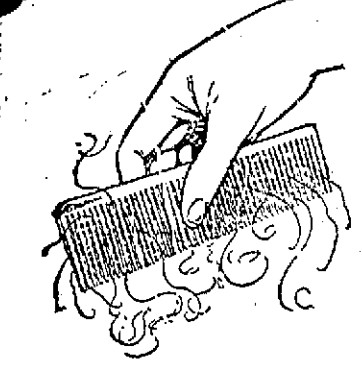

"It is said by some that all the national elections since the civil war have followed the line of largest contributions," Mr. Watkins continued. "It may be true that the party which is on the way to victory may secure the largest campaign fund because a going concern always attracts followers and supporters. So the man who calls attention too largely to his opponent's campaign fund may be betraying the fact that the swing is against himself."

"The real questions of this year are the league of nations, the labor problem, and the extinction of the liquor traffic."

Mr. Watkins devoted the major portion of his speech to a discussion of rural problems, the most important of which, he said, was self-preservation and the steady decrease of rural population.

He said that the solution of the question was to develop a genuine loyalty to the farm. He concluded: "As long as boys and girls on the

SOUTH AMERICAN COUNTRIES SETTLE BOUNDARY DISPUTE

Peru to Turn Disputed Provinces Over to Chile on Payment of Six Million Pounds

CONFERENCE ON DISPUTE SUGGESTED BY WILSON

Controversy Had Been Hanging Fire for Many Years

BUENOS AIRES, Argentina, Sept. 10.—Final settlement of Tacna-Arica question, which has been considered the most serious "menace" to South American peace, through the payment by Chile to Peru of 6,000,000 pounds sterling has been virtually agreed upon, according to a dispatch today to La Nacion from Santiago quoting financial and diplomatic sources.

The message declared that after the Bolivian revolution, which resulted in mobilization of the armies of Chile and Peru and threatened hostilities between the two countries, President Wilson suggested a conference of representatives of both nations.

As a result of conferences extending over three weeks, it is reported Peru agreed to renounce her rights to the provinces of Tacna and Arica annual the existing treaties affecting those provinces, upon receipt of the sum mentioned and enter into a reciprocal commercial treaty with Chile. After the defeat of Peru by Chile in the war of 1879-83 the provinces of Tacna and Arica were ceded provisionally to Chile by Peru with the understanding that after ten years a plebiscite should be held to determine whether they should revert to Peru. This plebiscite has never been held.

The situation became more complicated last year by a movement on the part of Bolivia to obtain access to the sea by securing from Chile the port of Arica in Arica province.

FRISCO TO NEW YORK DAILY MAIL SERVICE IS STARTED TODAY

SAN FRANCISCO, Sept. 10.—Sixteen thousand letters for New York and intermediate points were stored in the De Havilland airplane in which pilot Ray Little, of Oakland, Cal., hopped off this morning on the first leg of inaugurating a daily east-bound air mail service between the Pacific and the Atlantic oceans.

Before sunset tonight an airplane bearing the mail despatched Wednesday from New York was expected to complete its flight at the Golden Gate.

RAD WEATHER FORCES RETURN OF ARMY PLANES

DAWSON, N. T., Sept. 10.—The army airplane expedition returning to Mendenhall, N. T., from its flight to Nome, Alaska, left White Horse today for Glenora on the Stikine river but encountering bad weather, on Naking Summit, three planes returned. The fourth plane had not been heard from. It is believed the plane went on to Wrangell or to the landing field at Glenora.

U. S. STEAMER GROUNDS LONDON, Sept. 10.—The American steamer Siboney is aground in the harbor of Vigo, Spain, according to a Lloyd's dispatch filed yesterday. The forepart of the vessel is resting on the rocks and it is feared she will be a total loss. Passengers on board the ship are being landed.

The Screen

La Crosse—"The Jack Knife Man" All Star Cast. Majestic—Ethel Clayton in "Crooked Streets." Bijou—"My Lady's Garter" All Star Cast. Casino—Charles Ray in "The Clodhopper." Strand—Bryant Washburn in "A Very Good Young Man." Rialto—Shirley Mason in "The Little Wanderer."

LA CROSSE

Human interest, comedy and pathos are the predominating features in the new King Vidor picture, "The Jack Knife Man" that opened at the La Crosse yesterday.

A shanty-boat on the Mississippi River forms the chief setting of the picture and its owner, old Peter, "the Jack Knife Man" is one of the most unique and lovable characters reproduced on the screen for many moons. Ellis Parker Butler has furnished a wealth of unique personages in this story that are novel and interesting and the quaintness of it all makes for an appeal to the author that is extremely strong. Mr. Vidor has cast this picture with extreme care and every member of the talented cast is fitted for the role with an intelligence that insures a finished performance. Cast headed by Florence Vidor includes Fred Turner, Harry Todd, Claire McDowell, Bobby Keiso, Lillian Leighton, Willis Marks and Charles Arling.

To complete the bill a two reel Mack Sennett comedy "You Wouldn't Believe It," making it all in all a good show.

CASINO

One of the typical Charles Ray pictures, "The Clodhopper" is at the Casino for today and Saturday. It is one of those pictures in which Mr. Ray plays the role of a country boy who goes to the city and joins a theatrical company. His rise to fame is well and convincingly told, it is a laugh fest. "Thirsty the Magician" a comedy completes the bill.

MAJESTIC

Shanghai, the "Paris of the East," has served as the locale of many a tale of adventure and romance in real life, as well as in fiction. It is however an appropriate background for the exciting story unfolded in Ethel Clayton's new picture, "Crooked Streets," which opened at the Majestic yesterday.

The picture reveals Miss Clayton as a young American girl on her way to China with an old professor and his wife, with whom she has accepted a position as secretary. Adventuring along in Shanghai, she is taken to the native quarter of the city by treacherous rickshaw man and

becomes entangled in a sailor's brouhaha from which she is rescued by an Englishman named O'Dare. It would spoil some of the pleasure of those who will see the picture to reveal what happens next, but suffice to say that several dramatic surprises follow. Jack Holt is Miss Clayton's leading man, and the story is adapted from "Dinner at Eight" by Samuel Merwin.

BIJOU

An exciting chase after a notorious crook and the adventures and romance that follows is the theme of Maurice Tourneur's production, "My Lady's Garter," which opens at the Bijou today. The criminal known as

McKibbin hats

Be right on top.

"Success has many friends"

"The Hawk" and his identity is a mystery. Following his theft of the famous jeweled garter of the Countess of Salisbury, he transfers his field of activities to the estate of a young American railroad magnate, Bruce Calhoun who lives on the yacht near the Hamilton Manor is trailed by the detectives and thought to be "The Hawk" His love affair with Helen Hamilton, whom he meets by chance, is rendered rocky by the fact

that he will not disclose reasons for his mysterious comings and goings. However, a spectacular robbery in a Boston bank and a near train wreck assist in clearing matters up, and the ending is startling as well as satisfactory. Wyndham Standing, Holmes E. Herbert, and Sylvia Breamer are included in the capable cast.

STRAND
Bryant Washburn in "A Very

Good Young Man" is the attraction at the Strand for today only. The picture has played the downtown theatre, and was reviewed in these columns before. "A Birthday Tangle" a Big U Comedy completes the bill.

RIALTO
Shirley Mason in "The Little Wanderer" is at the Rialto today.

This is a story of a little Miss Nobody who came to the city to fight its big problems and find happiness. She won out and you'll find the story beautifully told. Its one of the best things that Miss Mason has done. The canvas back duck strives on wild celery or col grass. The white whale of the Arctic is sometimes taken with nets.

COURSE OF STUDY ON CITIZENSHIP IS PART OF W. C. T. U. STUDY

THE WOMAN'S Christian Temperance union met Tuesday afternoon at the home of Mrs. N. A. Matson, 2147 Market street. A large number of members was in attendance. Mrs. Matson was in charge of the lesson on citizenship, which was profitable, especially in view of the interest of the ladies in the recent election. At the business session Mrs. Matson read the report of the committee on the state convention of the W. C. T. U., which is to be held at Ashland October 8 to 12. It was voted to invite Miss Belle Ady of Sparta, county superintendent of the work, to give a talk on her recent trip abroad at the next meeting of the union. A dainty lunch was served.

MISS ELIZABETH Schmitz, Mormon Center road, was pleasantly surprised on Wednesday by a group of friends in compliment to her birthday. The guests were the Misses Elizabeth and Josephine Schmitz, Jessie and Mabel Vanderploeg, Mildred Schroeder, Louise Lofky, Marie Meyers, Anna and Helen Stephan.

MRS. LEO W. ALBEL, 708 South Eighth street, entertained six old friends in honor of Miss Esther Niedbalski, a bride of the month. Blue and white were daintily combined in the decorations of the table. The guests were the Misses Elizabeth and Josephine Schmitz, Jessie and Mabel Vanderploeg, Mildred Schroeder, Louise Lofky, Marie Meyers, Anna and Helen Stephan.

MRS. J. HUGH MOSS will be down from Duluth to spend the week-end with her parents, Mr. and Mrs. William G. Moss, on his way to New York.

ON LABOR DAY a reunion of members of the Rogers family and friends was held at the Rogers farm home in the town of Shelby. Dinner and supper were served. Those present were the Misses Jennie and Emma Rogers, Mr. H. J. Rogers and son, Robert, Mrs. M. L. Link, Mrs. Holbrook of Milwaukee, Mr. Wilson Woodruff of Madison, and Mr. Edward Stang of Minneapolis.

MISS CHARLOTTE Loomis has returned home after spending five weeks at Cleveland and places in that vicinity.

MRS. DAN C. MacMillan has as their week-end guests Mr. and Mrs. Fred Carr, Mr. and Mrs. V. Rothchild of Chicago and Mr. and Mrs. H. W. White of Windsor, Ontario, who motored here arriving Friday morning.

MRS. AND MRS. C. W. Niebuhr and Miss Paula Niebuhr, who have been spending a week at Milwaukee attending the state fair and the Elks' carnival, have returned home.

MRS. PHOEBE LEE, 1700 Market street, has returned from a three weeks' visit with relatives at Davenport, Ia.

MRS. AND MRS. JOHN Roelich and son, Ralph, Miss Rose Roelich and Mr. E. E. Roelich motored to Alma to visit relatives.

MRS. T. A. PASS, 1629 Charles street, has as her guests Mrs. E. E. Roelich and son, Arrie, Jr., of Milwaukee, who will spend a few weeks. Messrs. Harry Hayden and Myron Colback, who have been visiting here, have returned to their homes.

MRS. C. E. OTTO, 1626 Charles street, has come to Tacoma, Wash., where she will spend several months.

MISSSES Edna Sargel and Agnes Erickson have returned from a two weeks' motoring trip. They spent a week at Highland Hotel, Delevan Lake summer resort.

TURKS BESIEGING BIRTH PLACE OF PAUL
CONSTANTINOPLE, Sept. 10.—By The Associated Press.—Tarsus, the birth place of St. Paul, twenty miles south of Adana, is being besieged by Turks. The French garrison, and the 25,000 inhabitants of the place are short of food, according to a letter from Prof. Paul Nilson, who is in charge of St. Paul's institute there.

HOLD EXAMINATIONS TO FILL ARMY VACANCIES
WASHINGTON, Sept. 10.—Compulsory examinations will be held from October 25 to 31 inclusive, to fill 200 vacancies in the army commissioned staff, ranging from second lieutenant to major, the war department today announced.

The language of the book of Job shows traces of Aramaic and Arabic influence.

BRINGING UP FATHER

COX TO SUBMIT THE IRISH QUESTION TO LEAGUE IF ELECTED

Candidate Promises to Give Ireland Opportunity to Plead its Case

DEMANDS RESIGNATION OF G. O. P. NATION'L CHAIRMAN

Testimony Confirmed Slush Fund Charges, He Says

SPOKANE, Wash., Sept. 10.—Governor Cox of Ohio, democratic nominee for president, had a busy day today in eastern Washington. Fresh from a strenuous day in Montana, where last night he addressed gatherings at Butte and Anaconda, and where he declared he would "present the Irish cause" to the league of nations, in event of his election, the governor was on the program for a speech at the Spokane union station, for a conference with Washington democrats, for an address of an hour at the Spokane Interstate Fair grounds, and he was to deliver several speeches enroute to Pasco and Walla Walla.

In his addresses in Montana last night, the nominee continued his attacks on the republican campaign funds. He stated that Will Hays, chairman of the republican national committee, should resign and that he intended to press for the resignation of the republican campaign manager. The governor declared that the complete testimony had confirmed his "slush fund" charges.

Discussing the Irish question, Governor Cox said:

"I would be my duty and very quickly availed of, as a friend of peace, asserting the right of every member of the league, to present the Irish cause to the attention of the league under the authority given by Article eleven and give to Ireland, or any other aggrieved people, the opportunity to plead their cause before the bar of civilized opinion."

SECOND COMING OF CHRIST IS TOPIC OF MEETING TONIGHT

Rev. F. L. Holden, pastor of the Baptist church at Bangor, will hold a bible class tonight at the Rescue Mission on the Second Coming of Christ. All who are interested in prophecy are invited.

Rev. Holden is an interesting bible teacher and is not a fanatic. He does not set dates but makes bible truths plain. He will continue these bible studies every night during the winter.

The song service will begin at 7:30.

RUTH GETS 48TH
CLEVELAND, Ohio, Sept. 10.—Scoring a run ahead of him, "Babe" Ruth drove out his forty-eighth home run of the season today. The smash was made in the New York Cleveland game with Caldwell pitching.

"Beg pardon, sir, I thought you were someone else."
"Oh, no; I'm all right. It is you who are someone else." — From the Boston Transcript.

RUSSIAN DANCING GIFT OF CZARIST REPRESSION TO WORLD

It is not strange that Russia should give the world many of its greatest dancers. Though the "Russian" suggests oppression, poverty, serfdom, though the Russian Imperial government did effectively suppress all written and spoken expression of the feelings of the people, it did not and could not suppress music and dancing. As a result these two forms of art became the outlets for the pent-up emotions of the people.

Peasant dancing is as ancient an art as is folk music and is so natural a mode of expression that it cannot technically be called an art. As children dance through rhythmic actions chanting "London Bridge is falling down," so the peasant people of many countries have danced with the same child-like abandon. Because the Russian people's development was retarded by the conditions under which they lived we found the peasant under the same stage we might have found the French peasant of the fifteenth century. Peasant dancing, action songs, dances interpretive of events or of emotions were as common in Russia before the war as they were in France

RED ARROW LEADER TO PRESIDE OVER MILWAUKEE REUNION

Memorial Address to be Delivered by ex-Governor Chase of Michigan

MILWAUKEE, Wis., Sept. 10.—Announcement is made by the general arrangements committee of the first annual reunion preparations for the 32nd division on September 19, 20 and 21 of this year that ex-Governor Chase S. Osborn of Michigan will deliver the memorial oration at the reunion reunion memorial meeting to be held on Sunday evening, September 19, at Milwaukee Auditorium. Major General William G. Hann, at present stationed in the adjutant general's department at Washington, and director of war plans division or general staff, will preside at the meeting in the capacity of honorary president.

Among those expected to attend the memorial meeting are Brigadier General Lassiter, Colonel Russell C. Langston, and many others from Washington and the east. The governors of Wisconsin and Michigan will also be present and an effort is being made to have diplomatic representatives from Washington present also.

Indications at reunion headquarters point toward a greater attendance than anticipated and arrangements are being extended to care for the surplus over early figures looked upon as sufficient for all needs in entertaining the Red Arrow veterans.

OBITUARY

MRS. SARAH JANE FISCHER
Mrs. Sarah Jane Fischer, widow of the late Edward Fischer, residing at Ettrick, Wis., died Thursday, at 8:30 p. m., at a local hospital. She was 78 years old and is survived by five children, one sister and five brothers. The body was taken to her home at Ettrick this afternoon. The funeral will be held Monday at North Bend.

Phyllis—He seems very fond of his wife.
Joan—Very! He doesn't even find fault with the way she's bringing up the children.—From Answers, London.

MOTION PICTURE STAR DIES FROM POISON IN PARIS

Olive Thomas, Wife of Jack Pickford, Victim of Accidental Poisoning

PARIS, Sept. 10.—Olive Thomas, formerly widely known on the American musical comedy stage and for years a motion picture star, died at eleven o'clock this morning in the American hospital at Neuilly. She was taken to that institution Sunday suffering from a slow poisoning, having swallowed a poisonous solution early that day by mistake, according to Dr. Joseph Choate, the American physician in charge of the case.

Recently Miss Thomas, who came to Europe with her husband, Jack Pickford, several weeks ago, had suffered from a nervous depression, it was said. First aid was promptly given her by Mr. Pickford when he returned Sunday to the hotel where they were stopping and found his wife in a serious condition, and every possible effort was made at the hospital to counteract the effects of the poison, but without avail.

No Word at New York

NEW YORK, Sept. 10.—No word of the death of Olive Thomas, who died this morning in Paris, had been received this forenoon by her brother, James Duffy, who lives here, or by the motion picture concern which employed her. Her real name was Olive Blain Duffy. She was 22 years old, having been born October 20, 1898, at Charleston, Pa.

After attending High School in Pittsburgh, she began work in a department store there. A friend from New York, attracted by her beauty and voice, induced her to come to this city in 1915 to study music. Soon she attracted notice of theatrical men, and was placed in the cast of the "Midnight Frolic" here in 1914, appearing as "The Cannon Girl." The next season she was in both the "Follies" and the "Frolic" and later posed for magazine covers by noted artists.

In 1917 Miss Thomas left the stage to enter the motion picture field in California, the same year marrying Jack Pickford, motion picture actor.

EDUCATED HORSE MAKES ARREST

MORGANTOWN, W. Va.—State police are riding highly educated horses. When Trooper Charles Calhoun sought to arrest two men engaged in a brawl, one of them attempted to resist. Calhoun's horse held one man by the collar of his coat, while the trooper subdued the other.

HARDING RETURNS TO RESUME FRONT PORCH CAMPAIGN

Candidate Back in Marion After Three-day Trip to Minnesota Fair

MARION, Ohio, Sept. 10.—Back from his three days' trip in the north-west, during which he made speeches in Indiana, Illinois, Wisconsin and Minnesota, Senator Harding resumed his front porch schedule today with a list of engagements before him that promised to occupy his attention for the next three or four weeks.

Several delegations of negroes came today to hear the nominee discuss public questions of particular interest to them. A trainload of republicans from Detroit had been given a front porch date, but it was postponed until tomorrow.

General Pershing, who came from Chicago on the Harding train, spent the night at the senator's residence and had another talk with him this morning. The general said there was nothing political in the conference, as he expected to take no part in the campaign.

In his speech to the negro delegations, the nominee declared that "service" was the real measure of citizenship, and that too much encouragement had been given the idea of a something-for-nothing government. "Citizenship," he said, "is not based upon what one can get, but it is based upon what one gives. I say—and I wish I could speak through you to all Americans—Let's serve."

"The American negro has the good sense to know this truth, he has the good sense and clear head and brave heart to live it and I presume it to all the world that he has met the test

and did not and will not fail America. I proclaim more: America has not and will not fail the American negro.

"Your very presence in assembly, coming from great organizations dedicated to high religious purposes, is enough to cause any man to give recognition in his heart to the great contribution to American citizenship which is found in the capacity for deep religious faith among people of your blood. America needs deep religious faith. She needs it whether it comes from Catholic, Jew or Protestant. She needs it in her citizenship."

MADDOCK

First to make a lavatory with an overflow cleansing feature

The overflow cleansing device was patented by the Thomas Maddock's Sons Company in 1916. It made it possible to thoroughly clean the lavatory overflow by simply holding one finger over the supply nozzle while the water was turned on.

Let us show you how a china-trimmed lavatory will save housework in your home

The reproduction above is a portion of a page advertisement appearing this week in the Literary Digest.

The elimination of metal work from the slab of the lavatory has proved a wonderful factor in saving work for the housewife. This lavatory, which we recommend and guarantee, is made with the supply nozzle built integral with the slab. The valve handles, escutcheons and waste control knob are made of vitreous china which can be cleaned in a moment with a damp cloth. Thus, the housewife, for all time, is saved the disagreeable labor of cleaning and polishing metal parts.

And, constructed entirely of glistening, pure white, practically unbreakable vitreous china which will neither chip, crack nor craze, this type of lavatory is considered the finest example of "all white" sanitary plumbing equipment ever produced—a fixture that will add to the character of the most refined home.

We have several sizes and styles of this lavatory now on display. Visit our showrooms and let us point out to you the great convenience that such a fixture will provide for you and your family.

SUSPICION DIRECTED TOWARD HUSBAND OF WOMAN FOUND DEAD

Mystery Surrounds Death of Florida Woman Found Dead in Swamp

CHICAGO, Sept. 10.—Suspicion directed against Ernest Steinhouse, Chicago chiropractor, in connection with the death of his second wife, Mrs. Alvina Groetfeld Steinhouse, near Tampa, Fla., last Tuesday, was strengthened last night when a coroner's physician reported after a post-mortem examination that he was unable to determine the cause of death.

The body of the woman, clothed in a night robe, was found in a swamp at the edge of the Hillsborough river. No water was found in her lungs. Instead a quantity was found in her stomach, indicating she had died before reaching the swamp.

Carried to the River?

Another strange feature disclosed at the inquest was the fact that, in order to reach the river from the Steinhouse cottage, the woman would have had to traverse a rough stretch of ground and wade through considerable mud. There were no marks on her bare feet to indicate she walked to the river side.

While the Florida authorities were attempting to sift the evidence in the death of the woman, whom the chiropractor married here last June, Chicago relatives and police were conducting a new investigation into the death of Steinhouse's first wife.

Clara, who was believed to have committed suicide in January, 1917. This investigation, as far as it has progressed, has tended to clear Steinhouse of suspicion in connection with that death.

The friends based their statement on a telegram from the American consul at Mexico City to Mrs. Gardner.

DERBY RESIGNS DISAGREED WITH RUSSIAN POLICY

PARIS, Sept. 10.—Reports that the resignation of the Earl of Derby as British ambassador to France was caused by disagreement with the British government over the policy to be followed in Russia were denied by the retiring ambassador last night. He declared to The Associated Press that last spring he had requested the British government to relieve him before the end of the year, of his desire to resume his activities in England.

INTEREST SHOWN IN MEETING OF ITALIAN AND FRENCH PREMIERS

ROME, Sept. 10.—Much importance is placed in the meeting of Premier Giolitti and Mollath at Aix-les-Bains, France, Italian and French public opinion and the press of both countries has shown susceptibility lately relative to the attitude of the respective countries, and it is declared, it is highly desirable that this sentiment should be dissipated.

Italy desires to return with France to a frank and sincerely brotherly relation," says the Tribune. "This would occur immediately if France gives us tangible proof of her friendship and actual help, for instance, in solving the Adriatic question and

ameliorating the economic condition of this country, which was bled white by the war."

BROOKLYN WINS FROM ST. LOUIS

Dodgers Stage Final Campaign Against Westerners in Boston Series

CINCINNATI AND BOSTON DIVIDE DOUBLE HEADER

Alexander Pitches Winner for Chicago Cubs, 3 to 2

NEW YORK, Sept. 10.—Masterly pitching and a hit by Alexander, enabled Chicago to defeat New York yesterday 4 to 2. In the seventh a hit by Fisk and Alexander's error on DeLo's grounder put the Cubs in a position to win. Both runners scored on Alexander's hit to right. Score: Chicago, 4; New York, 2. Batteries: Alexander and O'Farrell; Nott, Douglas and Smith.

Dodgers, 4; St. Louis, 2. BROOKLYN.—Brooklyn stated its final campaign against the western clubs yesterday by defeating St. Louis 4 to 1. Both Smith and Hornsby scored runs at first base and were forced to retire. Score: Brooklyn, 4; St. Louis, 2. Batteries: Deak and Clemens; Grimes and Miller.

Reds, 6; Boston, 4-11. BOSTON.—Cincinnati opened the final series of the season yesterday in all series by breaking even, winning the game, 6 to 4, and losing the second, 11 to 7. Boston hit the Cincinnati pitcher hard in the sixth and seventh innings by concentrating ten hits on Rube Bressler. Score: Cincinnati, 6; Boston, 4. Batteries: Bressler and Wingo; Scott and O'Neil.

Phillies, 7; Philadelphia, 6. PHILADELPHIA.—Philadelphia's season was run short of a championship yesterday by losing to the Phillies 7 to 6. Score: Philadelphia, 6; Phillies, 7. Batteries: Hamilton, Pender and Schmidt; Cauer, Keenan and Travers.

BROOKLYN JUMPS INTO LEAD IN THE PENNANT RACE

NEW YORK, Sept. 10.—Brooklyn leaped into the lead in the National League pennant race yesterday by defeating St. Louis, while Cincinnati edged to second place as the result of splitting a double header with Boston. Cleveland in the American League moved a few points by defeating New York and sending the Yankees to third place, while the Chicago White Sox won from Boston and climbed into second place. In their victory over St. Louis the Superbas boosted their percentage for points, giving them an advantage of two points over the Cincinnati team. The world champions, although they split even with the Braves, lost two points and are now behind a game behind Brooklyn. In the American League Cleveland, now has a lead of 11 points, or one full game, over Chicago, and 16 points, or one and one-half games over New York.

DALLAS, Texas.—Harry Krohn of Akron, Ohio, middleweight champion of the south, outpointed Johnny Collins, Toledo, Ohio, in a 12-round bout.

COACH MEADE BUSY DOPING OUT INGREDIENTS FOR RED AND BLACK FOOTBALL TEAM

The field south of the local high school building, at present covered with the summer's growth of weeds and sand berries, no longer bears the marks of a deserted desert. With the opening of the high school last Tuesday, came the influx of more than fifty young football warriors with whom Coach Meade is now busy in an effort to dope out the ingredients for the 1920 football machine. With the star performers tipping the scales at an average of 165 pounds, Coach Meade anticipates great success on the gridiron this fall, and in view of the fact that a majority of the men out, perhaps thirty, have had one or two years experience on the local field, prospects for a say in the state title matches are evident. For a nucleus around which to build the team, the Coach has a large representation of last year's team. However, men about whom little is known as yet, are showing up in excellent form, and Coach Meade states that it will be impossible to place them for some time. The men are being tried out in the various positions in an effort to locate them where they are best fitted. The chief obstacle confronting Coach Meade in the formation of his football machine is the breaking in of a man for the quarter-back position, and although as yet no one has been picked for the honor of leading the team, it is expected that the next few weeks of practice will bring to light several competent candidates for the opening. The schedule for the season is being tentatively arranged. However, it is necessary to withhold the final acceptance of dates pending the completion of the normal school schedule.

Gelatt and Holley Meet in Thirty-six Hole Contest for City Championship

The final contest in the Colman cup golf tournament which is being staged at the Country club links, will be run off tomorrow when H. K. Holley and Gelatt, winners of the semi-finals, will meet for the thirty-six hole contest for the championship of the city of La Crosse. Eighteen holes will be played in the morning and the remainder in the afternoon. Niemeyer was defeated by Gelatt in the semi-finals, one up, while Hirschheimer fell to the strokes of Holley in the semi-finals contest. Several good scores were registered by beginners at the club yesterday, including those of Jesse Higgins and P. L. Koppelberger, who have the earmarks of promising beginners with scores of 46 and 47.

DRIVE OVER RIGHT FIELD NETS 4TH HOMER FOR RUTH

Senators Defeat St. Louis Twice Yesterday, 6-5 and 2-1

CHICAGO, Sept. 10.—Chicago staged an eighth inning rally yesterday when Bush weakened, bunched enough hits behind three passes to tie the count, and then put over the winning run in the next inning, giving the locals a 6 to 5 victory over Boston. Score: Boston, 5; Chicago, 6. Batteries: Bush and Schang; Wilkinson, Cicotte and Schalk.

Indians 10; New York, 4. CLEVELAND.—Cleveland won the first game of the series with New York 10 to 4, driving Quinn and McGraw from the box, Collins being taken out because he hurt himself sliding into second base. Ruth made his forty-seventh home run drive over the right field wall in the third inning. Score: Cleveland, 10; New York, 4. Batteries: Quinn, Collins, McGraw and Hannah; Coveleskie and O'Neil.

Senators, 6-2; St. Louis, 5-1. ST. LOUIS.—Washington defeated St. Louis twice yesterday by scores of 6 to 5 and 2 to 1. The visitors won the first game with a rally in the twelfth when Ruth's home run in the ninth decided the second. Score: Washington, 6; St. Louis, 5. Batteries: Erickson, Zachary and Garity; Latham and Severide.

What Republicans Offer In Place of the League

Senator Harding's mention of putting "teeth" in his proposed reconstructed Hague Tribunal evokes only jeers from the Democratic friends of the League of Nations. "Political dentists," observes the New York World (Dem.) "will tell him that without a League only false teeth are possible now," and the Richmond Journal's (Dem.) title for an editorial on the subject is "Harding's False-Teeth Proposal." On the other hand prominent Republican newspapers are enthusiastic over the Republican candidate's plan, the New York Tribune declaring that while the Harding program "promises no millennium, it is definite and affirmative, whereas the Cox program is vague and negative."

So that the public may more fully understand just what is offered by both parties, THE LITERARY DIGEST in its issue of September 11th, publishes an enlightening article, drawn from editorial statements by American newspapers, comprehensive, unbiased, and deeply interesting. Read it and you will be able to vote more intelligently at the coming election.

The Wrapped Loaf of Bread
In most of the cities throughout
the United States, or in the more pro-
gressive cities, at any rate, the en-
terprising baker puts his bread up in
sanitary, wrapped packages. This is
an ideal arrangement and one that
should appeal to everyone interested
in the health of his family, or the
health of the community.
The method of making bread, no
matter how safe and sanitary, is not

much of a safeguard if the bread is
not wrapped immediately after it is
made.

The human hand may always be ex-
pected to be covered with germs, ex-
posed to be covered with germs, ex-
posed to be covered with germs. Many pairs
of hands handle your loaf of bread
before it gets to the family table.
Even if the grocer happens to be ex-
tremely careful in keeping his store
and person clean, before he receives
the bread it is handled by the baker,
his clerks, the drivers and probably
the grocer's boy; all "have a hand in
the pie."

The wrapped loaf of bread, by it-
self, will not, of course, insure long
life and happiness, but it is one of the
many precautions that should be taken,
a precaution very nearly as im-
portant as the demand for milk in a
sealed bottle.

Q. Tell me a cure for weak kid-
neys. Does taking exercises for the
stomach before receding strengthen

them any? What should my diet be
before retiring?

A. I do not know what you mean
by "weak kidneys," but have the im-
pression that you are making your
own diagnosis from symptoms which
you misinterpret. If you feel that
you have kidney trouble, by all means
go at once to a physician, and have
him give you a thorough examination,
including an examination of the heart
and arteries and analysis of urine. Do
not attempt to treat yourself. The
Public Health Service has no publi-
cation for distribution relative to kid-
neys.

**ABANDONS ATTEMPT TO
SWIM ENGLISH CHANNEL**
RAMSGATE, Eng., Sept. 10.—Henry
Sullivan of Lowell, Mass., who last
night started from Dover in an at-
tempt to swim the English channel to
the French coast, was six miles off
Cape Grisnez, southwest of Calais, at
7 o'clock Thursday morning.
Sullivan abandoned his attempt,
however, at 1:15 o'clock yesterday
afternoon. He was then within two
miles of the French coast.

"NICODEMUS" AND "LILACS" STICKERS IN MEMORY TESTS

There were fully one thousand slips turned in last night for the music memory test held at the Majestic theater. There were a few with the correct names of all the songs, "Nicodemus" and "Bunch of Lilacs" were the stumbling blocks in most cases. The rest of the songs were comparatively easy. Below is the list of songs in the order that they were played: Casey Jones; After the Ball; Nicodemus; Kiss me, My Honey, Kiss Me; Old Oaken Bucket; Clinker on the Hearth; Love's Old Sweet Song; Bunch of Lilacs; Maggie; Georgia Camp Meeting.

Harry (Slim) Greenleaf, the saxophone band of the Beyerstedt orchestra, was the announcer. His witty sayings kept the audience in one continual roar of laughter and he proved to be the real star of the evening.

The winners of the prizes are as follows: First, Mrs. Art Tausche, 524 South Seventeenth street; second, Mrs. John Williams, 1019 State street; third, Mrs. John Serres, 421 Perry street; and fourth, J. E. Metcalf, corner Fifth and Main. Opal Bartlett, Elsie Gilberg, Edna Lee, Roberta Thurnard, Mrs. Ted Brown, C. Green, Mrs. C. A. Dittman, Ed Kevin, L. Schildman, Mrs. E. G. Veneman, Ray Larkie and Mabel Dowsorth received passes to the Majestic.

U. W. FARM SCHOOL LAUDED BY PRINCE

Visit to Madison Most Vivid Part of Carol's Trip to America.

The two things in the United States that most vividly impressed Prince Carol of Roumania during his recent visit were the University of Wisconsin, especially its College of Agriculture, and the Colombian Highway.

So he told reporters as he boarded his ship to go home.

When he landed on the Pacific coast he told the reception committee he desired to visit a leading agricultural college to get American ideas on land drainage, farm methods, road building and the problems which he might use in his own country. The Wisconsin College of Agriculture was mentioned.

He said he had heard much about it and wished to visit it.

Prince Carol and his suite arrived in Madison Aug. 19, and spent a half-day inspecting the university and its work. The seriousness of his study and his many questions greatly impressed President E. A. Birge, Dean H. L. Russell, Regent C. H. Vilas and other officials.

When the prince talked to New York reporters, he minutely described the university campus, the lakes and the capitol. He remembered the exact number of acres in the university grounds. He said he enjoyed his half-day in Madison more than any other part of his trip to America. When he boarded the ship he carried a bundle of Wisconsin agricultural bulletins and pamphlets.

PALMER IS URGED TO PROSECUTE THE WHEAT SPECULATORS

FARGO, N. D., Sept. 10.—Congressman John M. Baer, of North Dakota, has sent a telegram to Attorney General Palmer, it was announced today, urging the attorney general to use "the war-time power

vested in you to eliminate speculation" in wheat futures, which the congressman declared, is "resulting in disastrous losses to the producers."

The farmers of the northwest demand protection in the wheat market. Congressman Baer declared, and he suggested the feasibility of fixing a minimum price of three dollars a bushel for wheat "to protect the farmers against this gross injustice."

BOBBY SPOUTZ FOUND

South Side Safety Cars

Being Up-to-Date

When any corporation or individual introduces methods or tools more efficient and more popular than those which have been in use, that corporation is up-to-date.

It is the comprehension of this fact that caused us to order some months ago eight street-cars of the one-man, automatic control type.

These cars will be delivered to us and placed in operation in La Crosse next week.

Because they are the embodiment of economy, efficiency, flexibility, speed and safety, we may consider that when we have them on our lines we are as nearly up-to-date as it is possible for a concern operating street cars to be.

As they are different in design and in operation from those which have been in use, we have considered it advisable to acquaint our patrons with them in advance of their operation in order that there may be no confusion through lack of understanding.

These cars permit greatly increased service to the public while still permitting a large reduction in platform personnel.

Because of the use of automatic devices, the cars can be operated at a higher schedule speed by one man than an older style can be operated by two men.

Safety cars fully justify their name as preventers of accidents through the inter-operation of control, brakes, doors, steps, sanders and emergency brakes.

These are all facts demonstrated through use in over one hundred cities. They have given the greatest public satisfaction wherever they have been introduced.

Having done the best we could to give the best possible street railway service here we are asking the public to co-operate with us by having the exact fare ready when boarding the cars.

There are no rear entrances or exits.

You enter past the operator who can take you aboard in record time, if you do not ask him to make change.

He cannot count coins and move the car at the same time.

Therefore, have your fare—the exact fare—ready when you get on the car.

You will hasten your own travel and the travel of others by doing this.

Now on Display New Plush Coats

Fashioned from luxurious plushes and linings and styled after the most expensive fur coats.

One always gets a lot of satisfaction out of a Plush Coat, but when such beautiful plushes as Hudson Seal, Behring Seal, Yukon and Ungava Seal are used in their making, the pleasure doubles.

We've just placed on sale a most comprehensive assortment of new Plush Coats in short, three-quarter and full length models. One may choose from either and be sure of being right in style.

For those who prefer the shorter models there are belted and loose back models, plain or luxuriously trimmed with fur collars and fur collar and cuffs.

The longer models are also here in good assortments in the plainer styles and also with fur collars and cuffs.

In all models you will find linings in most attractive patterns and qualities—the makers of these Coats have been noted for years for the exclusive linings used in their garments.
